# A new formula for a quick clean

## Spot it, got it!

Performing 25 to 40 quick cleans day in and day out is time-consuming – what you need is ease. And the VU200 gives you ease!

Say hi to the VU200, our new cordless stick vacuum that lets you clean comfortably and quickly without interrupting your workflow. This tool does not mess around; it gets straight to business. Spot it, got it!

The mounting bracket makes this stick vacuum a part of your cleaning cart, enabling a smooth workflow.

The ergonomic handle avoids injuries and strain, and the compact size and the slim accessories enable you to clean even hard-to-reach areas comfortably.

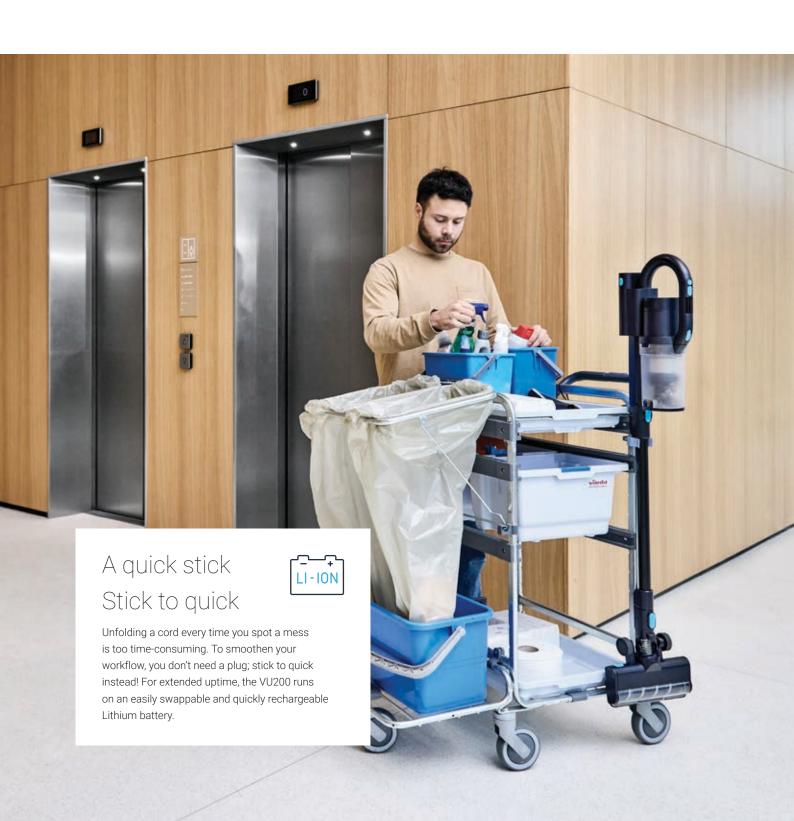

The prefilter for rough dust and the anti-allergy HEPA 14 filter retains 99.99% of airborne particles, ensuring a healthier and safer working environment.

No plug or cord to trip over, this cordless vacuum stick runs on a Lithium battery – a battery and charger kit makes it easy to swap and recharge.

### Straight-up cleaning efficiency

The VU200 is easy to use. Easy to grab, easy to empty, and easy to interact with. Coloured touchpoints allow an intuitive understanding of what to interact with, and when the container is full, you simply open the lid and empty it.

#### Top features and benefits also include

- A unique, ergonomic handle designed for comfortable use no matter the task
- Certified for professional use, the VU200 features a powerful motor and durable contruction, providing reliability
- Three different modes to adapt to your cleaning needs: Eco-mode, standard mode, and turbo mode for efficient cleaning
- Suitable for both hard floors and soft floors

#### **Technical specifications**

| Description                           | Unit  | VU200         | Battery and charger |
